GARDENS

Task Two

Create a A4 **mood/image board** based on the title '**Surfaces**' gather relevant images and display imaginatively.

Task Three

Complete at least 2 pages of observational drawings from objects based on the theme '**Surfaces**'. Use a range of media pencil drawing, watercolour, biro, chalk or collage. You may choose to fill pages with smaller drawing's or use a whole page to produce a large scale study, it's up to you.

Developing a new skill

Your bridging the gap task is to develop a new skill or learning a new one. The idea that you have limited resources may make this a challenging but if we are imaginative about what you can create the outcomes are limitless. Below are some ideas of what you can spend your time learning or developing.

Things like: knitting, crocheting, embroidery, weaving, recycled materials, upcycling, origami or natural (fruit, berry's & veg) dyeing. The aim is to spend 10 hours working on your chosen skill, feel free to do more than one if you find you don't take a technique but always keep your attempts. If you have any questions or concerns please drop me an email, I can always pop some knitting needles in the post to you!
